DETAILED ACTION

Response to Amendment

1. This office action is in response to the amendment submitted on 04 January 2008. Claims 10-28 have been canceled and accordingly claims 1-9 and 29 are currently pending. Based on applicant's arguments and amendments the rejection of the claims over the Loomis (US Patent No. 4,419,256A), Probst et al (US Patent No. 5,236,757 A), and Brandon (US Patent No. 5,318,844 A), and Bondoc et al (US Patent No. 5,776,841 A) references is overcome.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 1-9 and 29 are rejected under 35 U.S.C. 103(a) as being unpatentable over Loomis (US Patent No. 4,579,592 A) for the reasons set forth in the previous office action which are herein incorporated by reference.

Applicant has not provided any arguments with respect to this reference and accordingly the rejection is repeated.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
